TAKE STAND WITH PIERCE

PAPERS UPHOLD LOCAL MEMBER ELEEMOSYNARY BOARD.

POLITICS SACRIFICED?

St. Louis Globe-Democrat and St. Louis Post-Dispatch Protest Against the Governor's Demand.

The following editorial, commending W. C. Pierce for his stand taken regarding desired appointments at the St. Joseph and Nevada state hospitals, is taken from yesterday's St. Louis Globe-Democrat:

A member of the consolidated, bipartisan State Board of Managers for Eleemosynary Institutions says that in four years Gov. Hyde had never attempted to dictate to the board as to matters properly coming within its jurisdiction and had accorded it full control of institutional policies.

Could higher tribute be paid the late administration? All opinions as to that administration are, of course not in agreement, but to those who know the past deplorable effects of politics mixed in the state's work of philanthropy and reclamation, this rescue of the eleemosynary institutions and their more than 7000 unfortunate inmates from the grasp of the spoilsmen will seem far to outweigh many causes of criticism found during Mr. Hyde's term. The board is made up of three Republicans and three Democrats. Left to themselves they have pursued just about the course that might be expected from a body so constituted. The record, at least in the matter of the more important appointments, reveals an impartial endeavor to select equal numbers from both parties for the board's service and even to adhere so closely to efficiency as a basis as to ignore politics entirely.

Now, for the first time since this great reform was effected, an attempt is made to introduce a factor other than the judgment and knowledge of the board members in designating appointees at two of the state hospitals for the insane. The attempt is the more alarming because, if it succeeds, it will establish a precedent under the new board making tenure depend on something else than good and faithful discharge of duty and again place hospital appointees generally at the mercy of the patronage trafficers.

An issue has been raised on which the present board members should stand firm. They accepted as a trust from the people of Missouri the task of redeeming these important institutions from the demoralizing blight of politics. To yield now to partisan importunity, whatever the source, would be to confess that this trust had been placed in faltering hands and that, at the very first test to which they were subjected, they had surrendered.

The following is taken from the St. Joseph Observer:

All strength to the good right arms of fighting Cal Pierce of Maryville, and equally daring Andrew Jackson Fitzsimmons of St. Louis, who so far are the only two members of the state eleemosynary board who have the courage and stamina to stand squarely up to the guns and fight the dirty plot to sidetrack C. C. Graves the present efficient and acknowledged capable steward of State Hospital No. 2, in this city in order that Brother-in-Law Gilpin may have a place at the public trough.

Would that the other members of the commission had equal backbone in this instance—instead of wooden laths painted to look like iron.

The St. Louis Post-Dispatch last evening had the following editorial about the demand that stewardships of the two State hospitals for the insane be provided for the husband of Gov. Baker's sister and for a politician who actively supported the Governor in his campaign for election:

MORE SACRIFICES TO POLITICS?

In a speech in St. Louis a few days ago, Gov. Baker is reported as having deprecated spoils politics by proclaiming as his standard the "politics of service" and by declaring: "He profits most who serves best." This confession of faith led the public to high hopes that a step forward in State politics was in prospect.

Those hopes as yet have not been dashed, but information from vary-

Announces Candidacy for Twp. Collector

Miss Merle Cooper, City Clerk, Will Seek the Democratic Nomination.

Miss Merle Cooper, city clerk, will be a candidate for the democratic nomination for township collector of Polk township at the convention or primary this spring. The township election will be held on the last Tuesday in March, and a convention or primary will be held a couple of weeks befort that time to nominate candidates for the various township offices.

Miss Cooper is thoroughly qualified for the position she seeks and has a wide acquaintance in the township. For the past two years she has been city clerk and has given universal satisfaction. When the recent pavement was being done, the attorney representing the contractor paid her the compliment of saying she kept the best set of records of any he had ever examined.

Prior to her being city clerk, Miss Cooper was in the prosecuting attorney's office for several years. If given the democratic nomination she will make a strong candidate.

START MOVE FOR HIGHWAY

CITIZENS WOULD EXTEND ROAD FROM SHERIDAN.

MOVEMENT LAUNCHED

Gravel Route From Grant City to Sheridan If Brought South to Ravenwood, Would Provide Outlet.

A movement has been started by several citizens of Ravenwood to secure an extension of the state secondary road from Grant City to Sheridan and to bring this road on down to Ravenwood to connect up with the Maryville road.

Under the present state law, the road would end at Sheridan as there are no provisions for an extension into Nodaway County. Efforts will be made to secure the influence of Representative McLaughlin of Worth County, Representative Job of Nodaway County and Senator M. E. Ford of this district to bring about this change in the highway route.

It is understood that a contract will be let next month by the state highway commission for the grading and gravel-surfacing of the road across Worth County.

The right-of-way from Sheridan to Ravenwood would be on the east side of the Great Western tracks, and if the movement now under way is successful a gravel road would be constructed from Sheridan to Ravenwood, a distance of twelve or fourteen miles. Such a routing would provide an outlet northeast for traffic from Maryville to Sheridan, Grant City and east.

In order to bring about concerted effort, a Chamber of Commerce is in process of organization at Ravenwood to make a direct appeal to the Missouri legislature to make the necessary provisions.

Circuit Court Held Open But No Business

Partition Suit is Set for Tomorrow —Jury to Be Called Monday For Criminal Case.

A suit to quiet title was filed in Circuit Court today by Lieurena Mendenhall and Jennie M. Chamberlain against Salem and Lettie Pearce, affecting the west half of northwest quarter of section 27, township 62, range 36, Nodaway County.

Judge John M. Dawson kept court open today but there was no business that came up. A partition suit is set for tomorrow, Elihu Carter against Chester A. Carter et al.

On Saturday the jury will be called again for a criminal case, the State against Berry and Cowan, charged with robbery, and the suit on account of A. H. Garrett, et al against Wilcox Co-Operative Association is also set for Monday.

Vets Carnival Starts Off With a Large Crowd

Did you see Spark Plug and Barney and all his cohorts last night at the V. F. W. Carnival at the Battery C Armory? If not there will be two more nights to take in the shows and get in line for good things to eat at the various "grub" booths.

The roaring lion was all caged up last night. However, he made lots of noise and the lion tamer did not exhibit him for fear of scaring some of the patrons away from the show. Maybe Harold Tebow will throw back the curtains tonight.

The first night of the Vet's carnival, although bucking a cold night and slippery walks, opened with a good sized crowd last night. Most of the lower floor and the entire second floor of the Armory is utilized for the carnival. A conspicuous figure occupies the attention of all in the center of the lobby down stairs. But he is a very grateful man and takes very easily. The Veterans wish to have him patronized frequently.

The Vets and Auxiliary have plenty of entertainments to keep all busy for an evening and the orchestra starts the dance off at 9 o'clock. Two more evenings yet remain before the Armory is dismantled and the carnival is a thing of the past. It will be in full force tonight and tomorrow night.

MEANS GETS PRISON TERM

GIVEN TWO YEARS AND FINE OF $10,000.

FELDER IS GUILTY TOO

Attorney Fined $10,000 But Given No Prison Sentence—Are Convicted on Charge of Conspiracy.

New York, Jan. 30. — Gaston B. Means, detective, and Thomas B. Felder, his lawyer, were found guilty of conspiracy to bribe governmental officials in a verdict rendered today in federal court.

Means seemed to take the jury's findings as a joke. He had bet a newspaper reported 5 cents at even money that he would be convicted.

"Well," he said with a grin, "I guess I win a nickel."

The government, in bringing the conspiracy charge, complained that Felder, Means, and the latter's confidential man, Elmer Jarnecke, who pleaded guilty and testified against them, conspired to bribe Harry M. Daugherty, former attorney-general, United States District Attorney Hayward, his assistant, John Halloy, Clark and Burns, head of the bureau of investigation of the department of justice under Daugherty.

The defendants, it was charged, obtained $65,000 from certain defendants in the mail fraud case growing out of the Crager Company's sale of stock in the Glass Casket Co.

Judge Lindley sentenced Means to serve two years in the federal penitentiary at Atlanta, Ga., and to pay a fine of $10,000. It was the maximum penalty.

Felder was fined $10,000, but given no prison sentence.

Means, Felder and Jarnecke, the government alleged, told the defendants in the casket case that they could obtain dismissal of indictments against them.

Felder's and Means' defense was that Jarnecke, Izaac Padorr of Chicago, and the latter's financial backer, Sam Schmidt, conspired to swindle the casket defendants, using Means' name for that purpose without the detective's knowledge.

Mr. and Mrs. G. H. Ellsworth of Ravenwood returned home today after a week's visit with their daughter, Mrs. W. L. Rhodes, and family and other relatives.

Mrs. Lester Reaksecker left today for Rochester, Minn., to undergo treatment at the Mayo clinic.

PEACE IS OVER HERRIN AGAIN

WATCHFUL SOLDIERS HAVE LEFT WARLIKE TOWN.

LOOKS TO SUCCESSOR

Speculation as to Who Will Assume Young's Mantle—Ministers Make Plea for Campaign Against Lawlessness.

Herrin, Ill., Jan. 30.—Herrin had assumed a peaceful aspect today, at least on the surface. The soldiers that had been in control of the city since last Saturday when S. Glenn Young, Klan raider, two of his followers and his arch enemy, Ora Thomas, deputy sheriff, were killed in an outburst of gunfire, have left and people are settling down to their usual pursuits.

Speculation was rife as to who would succeed Young. Five ministers, conducting a memorial service yesterday for the slain chieftain, made the same plea for another inspired leader to wear his mantle and continue the fight against lawlessness.

It was said in Klan circles that Burr Owen, Young's first lieutenant and inseparable companion on all of his raids would aspire to the place and begin where Young left off by conducting his first raids soon.

Campbell Uses Radio to Locate Arkoe Robbers

County Jail Will Soon Be Repaired—For 8 Years Unable to Take Care of All Prisoners.

Sheriff Lowell Campbell is using every means to apprehend the thieves that robbed the two stores at Arkoe Tuesday night. Last night when Henry Field was on the air at his broadcasting station at Shenandoah, Ia., he broadcast a message that Sheriff Campbell had sent him in regard to the Arkoe robbery.

Fifty telephone calls were received during the night by the Nodaway County sheriff, some of the messages saying that two suspects had been seen in Iowa but Mr. Campbell did not get enough definite information to locate the robbers.

However, a clue to the robbers was brought in from near Hopkins yesterday afternoon to the sheriff's office. The men were driving a car which was not in the best working order.

It is supposed that the job at Arkoe was accomplished by two men.

The sheriff said this morning that he has eight men in jail, but only theoretically, as the jail in the present condition will not accommodate all. Three are in the city jail and one of the prisoners is not confined at all. Judge John M. Dawson said this morning it has been eight years since the county jail has been in a fit condition to take care of the county prisoners.

Workmen have completed the job on the prisoners' cage in the north wing of the jail so that it now revolves. When the inside walls of this north wing are properly barred sixteen prisoners can be confined. It will only be a short time until the work is completed and the sheriff able to handle all the county prisoners.

There will be one less prisoner tomorrow at the jail as the sentence of Joe Pausback is up tonight. Pausback has been a trusty at the jail and has done all kinds of odd jobs around the county hold-over. He told the sheriff this morning he could not leave until tomorrow as he had to finish completing the work on a baby cradle.

Miss Dorothy Rowley and Miss Aileen Vanzant, students in the Northwest Missouri State Teachers College, left this afternoon for Hays, Kan., where they will assist in the formation of a chapter of Kappa Omicron Phi, national home economics sorority. Miss Hettie Anthony, instructor in home economics at the College, will also probably attend the ceremony. The chapter is being organized at the State Normal School in Hays.

New Ambassador From France in Washington

Emile Daeschner Presents His Credentials to President Coolidge—Reparations Question to Front.

Washington, Jan. 30.—Emile Daeschner, the new French ambassador, presented his credentials to President Coolidge today.

This routine bit of formality attracted unusual interest in Washington because of the understanding prevailing in administration circles that Daeschner will speedily follow it up by undertaking some serious negotiations with this government for the funding of the 4-billion-dollar French war debt.

Unless he does so, it appeared certain today that the Senate will take formal and brusque notice of the French policy of delay, before it goes out of business on March 4, and pass a resolution directing the state department to undertake immediate negotiations.

Thus far, the French government has submitted but one concrete suggestion in the matter of funding, and that suggestion was so surrounded with qualifying phrases as to make it entirely "unofficial and informal."

DOGS RACE ON WITH SERUM

ANTITOXIN IS BEING RELAYED NORTHWARD.

RADIOGRAM RECEIVED

Mayor of Nome, Alaska, Declares That Condition There Is "Very Serious"—Scores May Be Dead

Seattle, Wash., Jan. 30.—One hundred and fifty persons are suffering of diphtheria in Nome, Alaska, a cablegram here to the Chamber of Commerce from the Northwestern Chamber of Commerce, Nome, said today. More than one-fourth of the entire population is striken.

Anchorage, Alaska, Jan. 30.—With straining muscles and harness in an effort to bring life-giving antitoxin into diphtheria striken Nome, the strongest and fleetest dogs in Alaska speeded relief today in their death race northward.

Over snow and ice-covered trails in the bitter Artic, raced Dan Green, the third champion dog racer of the North, relaying the serum to the disease striken town.

The outfit left Hot Springs late yesterday afternoon and was reported not far from Tanana.

On the light sled rested a twenty-pound package of the one million antitoxin units which will save hundreds of lives in Nome, providing the race against disease is won. The package was heavily wrapped in blankets to prevent freezing and breaking of the container.

San Francisco, Jan. 30.—Nome, Alaska, the city striken by an epidemic of diphtheria, today appealed for aid in a radiogram received by International News Service in San Francisco. The mayor's message said, "Advocate rushing antitoxin to Nome from Nenana. Condition very serious."

The radiogram here contradicted a statement made by the public health service office in Seattle that conditions in Nome was "greatly improved."

The message today did not state how many persons had died in Nome. The latest report gives the number of victims as five but it is believed that scores are dead or dying.

Submarine Officers and Men are Rescued

Coast Guard Men From Life-Saving Station Free Victims From Stranded Boat.

Portsmouth, N. H., Jan. 30—All of the forty-five officers and men from the stranded submarine, S-48, were rescued today by coast guard men from the Wood Island life saving station. Twenty-five members of the crew were taken from the under-sea boat after being imprisoned all night in a howling northeast gale. Later the scudder crew left on board was removed.

The last twenty men were taken off by coast guard men after the big submersible began to fill with chlorine gas seeping out of the storage battery as water from a hole in the submarine's bow penetrated the interior of the trap.

STARTS WORK ON PROGRAM

CONSOLIDATION MEASURES ARE INTRODUCED.

MERGES DEPARTMENTS

Measure Would Create Commissioner of Budget To Have Supervision In Purchasing of Supplies for State.

Jefferson City, Jan. 30.—A series of bills to carry out the recommendations of Governor Baker in the consolidation of state departments and the creation of a budget commission were introduced in the House and Senate today.

One bill provides for the reorganization of the state board of agriculture and places the work under a commissioner of agriculture. The bills introduced in the Senate by Senator Larry Brunk of Lawrence County and Senator S. M. Snodgrass of Cedar County. Representative Marvel H. Davis of Kansas City, Representative David W. Peters of Cole County and Representative E. H. Winter of Warren County will handle the measures in the House.

The budget bill provides that the secretary to the governor shall act as commissioner of the budget with advisory powers in having general supervision of buying for state departments, making recommendations to the General Assembly and providing a uniform system of accounting for all departments.

Under the bill, the secretary to the governor would receive $700 a year additional for his new duties.

The bill consolidating the labor department, bureau of mines and industrial inspection departments under a labor commissioner will not be ready to introduce before next week.

Under the proposed plan, there would be five divisions under the agriculture commissioner: dairying, marketing, livestock, poultry, horticulture and veterinary. The activities of the fruit experimental station at Mountain Grove would be turned over to the University of Missouri so far as experimental work is concerned.

The commissioner of agriculture would receive $4,500 a year and his deputies from $2,400 to $3,600 per year. The state board of agriculture would be placed in charge of the state fair. The measure provides that the board shall be bi-partisan, the appointment of employes being based on efficiency.

A bill abolishing the state library commission and fixing its powers in a state librarian was introduced.

Again "Jazz Maniac" Prepares for Fight

Dorothy Must Stand Trial in Court for Murder of Her Mother—Confers With Her Attorneys.

San Francisco, Jan. 30.—Again the "tiger girl" 16-year-old Dorothy Ellingson prepared to fight for the sweet years of her young womanhood today.

The jazz-stricken flapper, who calmly confessed she killed her mother and then went out to dance and drink gin, flashed her eyes as she got ready to meet her attorneys who will battle to keep the girl out of San Quentin prison for life.

Juvenile Judge Frank Murasky ruled late yesterday that the mother-slayer must stand trial for murder.

With the tranquility that has marked her bearing most of the time since her arrest two weeks ago, Dorothy showed the same fortitude when her hopes for a short term in a girls' reformatory were dashed. A few tears filled her eyes. Then she clinched her hands and quietly walked to prison.

The "jazz maniac" probably will be taken at once to Engleside jail to be placed behind cell bars while awaiting the month or two elapsing before her trial.

CAN QUALIFY FOR M LETTER

MANY WAYS FOR H. S. STUDENTS TO COMPETE.

500 POINTS NECESSARY

Superintendent Lee Sends Five Rules of Sportsmanship—Certificate for 50 Per Cent Passing.

Students in the Maryille High School are now qualified to compete for the famous Missouri "M" letter, bearing the state seal, according to an announcement made today by L. L. St. Clair, principal.

Seven or eight students would have received the state letters last year if the local high school had maintained a teacher training course, but the qualifications this year have been changed according to a communication received by Charles A. Lee, state superintendent.

There are a great many ways in which the students at the high school could receive one of these M's. A person must make a total of 800 points in all. Of this, 400 points covering health, posture, sportsmanship and scholarship are required. 400 may be gotten in athletics but a person may not score more than 200 points in any event. The remaining 200 points are electives.

If anybody is eligible for the second and third times, a pupil may make a letter, a badge and three bars while in high school.

Mr. Lee also sent his five rules of sportsmanship. A certificate with these five rules will be sent to the high school if 50 per cent of the names sent in pass the requirements. The following are the rules sent in:

I. The first rule of sportsmanship is courtesy to your opponents; be a lady or gentleman and treat your opponents as gentlemen or ladies.

II. The second rule of sportsmanship is to play the game according to the rules, to play fair.

III. The third rule of sportsmanship is to be courageous loser and not lose heart when the score goes against you. Play your best to the end. Have grit.

V. The fifth rule of sportsmanship is to be a modest winner. Not to boast of your victories or "rub it in." Cheer your opponents.

Spectators should appreciate the good plays of opponents as well as the home team. Show courtesy to opponents as well as support the team. Take pride in the spirit which the school exhibits.

Where there is good sportsmanship between contestants it leads to friendship and not enmity.

The state department of schools has adopted the following motto which is the same as adopted by the Maryville High School:

"When the One Great Scorer comes
To write against your name,
He writes—not that you won or lost,
But how you played the game."

Step Lively, Men, K. of P. Filling Up

(Kansas City Star.)

If we read the news aright, nothing in recent years has pepped up Lodge 110, Knights of Pythias, (Jefferson City, Mo.) like the recent state election. Every state officer is now a member of the lodge; a governor of the state confers its degrees, and news of its meetings are broadcast to the daily newspapers of distant cities. The fact that many new applications for membership are read at each meeting probably doesn't have any political significance, y'understand, but apparently there is a widespread impression that "belonging" won't hurt anything.

ing quarters is now agreed that the Baker code of politics is not taken from copybook maxims. Instead of a step forward a backward step is threatened. In fact, it is stated in substance that the 7000 eleemosynary wards of the State are to be sacrificed to the Governor's personal politics and that the bipartisan or nonpartisan administration of these institutions is to be shoved back into the trough of spoils.

The specific report is that Gov. Baker has made the demand that stewardships of two State hospitals for the insane be provided for the husband of his wife's sister and for a politician who actively supported the Governor in his campaign for election. To accomplish his purpose the Governor is understood to have threatened the displacement of any one of four unconfirmed members of the State Eleemosynary Board who may oppose his wishes.

Four years ago the Legislature decided to put a stop to the practice of victimizing the helpless inmates of State institutions by placing these institutions under a bi-partisan State board. The result has been a decent protection of competent appointive officials who happened to be of the wrong political party from the administration standpoint.

There is still time for Gov. Baker not to disappoint the State by any such atrocity of spoilsmanship as is reported to be his intention. If he does not change his believed intention he will be overthrowing one of the few slow and painful advances made by Missouri in its civil service. After preaching "he profits most who serves best" he will be practicing "he profits nothing who serves best."

Mrs. Frank Albright of Sabetha, and her father, W. H. Smock of Skidkan., arrived in Maryville yesterday more, who is also visiting at the to visit her sister, Mrs. Martin Moody, Moody home.

The story is based on Edgar Selwilyn's stage play of the same name.

Pickering

O. G. Null.

Mr. and Mrs. Roy Curry who have been living in Columbia for the past two years while Mr. Curry was taking a course at the College of Agriculture, have returned to their farm near Parnell. Mrs. Curry has been staying with her mother, Mrs. Lucinda Hood, since Christmas but went home the last of last week.

A deal was consumated this week in which Dell Hyde purchased the dray business of W. A. Lock who has conducted the business for the past four or five years.

Mr. Hyde will take charge of the work in a few days or as soon as he can make disposition of his affairs on his farm. Mr. Lock has not yet decided what he will do this year.

The sudden freeze last Sunday night left the roads very rough for the most part and travel has been slow and hard as the result.

Farm Club Notes.

The Farm Club meeting scheduled for Sun Rise last Monday evening was a disappointment to those who came as Messrs Werner and Strader, who were to speak were hung up by car trouble and were until 9 o'clock getting back to a phone to call. Hope it will not occur again.

Jno Bosch in making a trip to the exchanges reports the worst roads he ever encountered on a stretch from Conception to Guilford. The mud had rolled up on cars and dropped off in great piles and frozen. One bump was so large the axles of the car bumped in passing over. In talking to some boys in Guilford they said they had gone over the roads Sunday and had to push up the hills and rode down hill in low.

Messrs Strader, Werner, Bosch, Gwinn, Fakes, Geo. and Leon Cain went to Rosendale Thursday evening of this week for a big meeting at the community theater in that town. The arrangements for the meeting were made by Mr. Furgeson recently of the Pickering exchange.

Speaking of his trip Mr. Bosch reports the farmers enthusiastic about the contract.

Mr. Clements and Mr. Owens are working in the Pickering territory at present.

Miss Lois King visited high school Thursday afternoon.

Every high school student is cordially invited to attend the union young people's meeting to be held next Sunday evening at 6:30 at the Christian Church.

Myrtle Tree—Sunday School at 10:00 A. M.

There was a good attendance at service last Sunday evening. There was one accession to the church at that service. Let everyone try and be present next Sunday.

Pickering—Sunday School at 10:00 A. M.

Preaching at 11:00 A. M., and 7:30 P. M. The subject in the morning will be, "A Rally Call." Our Second Quarterly meeting will be held Saturday and Sunday, Feb. 7 and 8. Let all reports be in hand at that time.

With the service Sunday evening, Feb. 8, we will begin our revival service. Let all plan to attend these meetings without fail. We invite the public to any and all these services.

E. W. CROY, Pastor.

Christian Church.

We appreciate very much the fine interest that was shown last Sunday night in the series of sermons on "The Two Covenants." We wish as many as possible might hear every discourse so as to get the complete story. The second in the series next Sunday night will be "The Ten Commandments." Come, and hear about the constitution of the old covenant.

The Sunday School attendance last Lord's Day was better than usual, 179. Were you one of that number, or were you a church member who stayed home and lost the fellowship for the day? Our superintendent is adopting the very interesting plan of having some layman make a short talk before the class period. Bro. Harmon will bring a message next Sunday.

Don't forget the Stay-for-Church campaign which is still on. Come and stay for church. Urge the children to stay.

Remember the Young People's Union at 6:30. A fine program is being prepared.

He Needed a Fur Lined Barrel This Kind of Weather

(Hopkins Journal)

Railway Mail Clerk Dow, who has Hopkins as the end of his run three nights out of the week, tells of the funny experience of a station agent down the road and it wasn't Ed Goforth, either. No. 10 was way late and this agent, who has a cot in the office decided to set his alarm clock and take a good snooze and in order to do so, he went to bed right, expecting the alarm to awaken him in plenty of time to get up and put the mail on the train but for some reason "Big Ben" failed to perform its duty and the agent was awakened by the whistle of the lightning express. He leaped to his feet, grabbed what he supposed was the mail sack and dashed out of the depot just in time to throw it into the mail car, and when he went back into the depot he found he had thrown his trousers instead of the mail sack into the car. And it was the only pair he had, too.

NEW LINE-UP FOR TONIGHT

COLLEGE SPRINGS HERE FOR DOUBLE-HEADER.

PETTY AS OFFENSE MAN

First Game to Commence at 7:30 o'Clock at H. S. Gym—Sam Dubin Will Officiate.

After meeting with two disastrous defeats during the month a Spoofhound team, instructed with new tricks of the cage game and using new formation, will take the field tonight against an experienced cage team from College Springs, Ia., which has not suffered defeat this season.

It will not be the same Spoofhound team that has started previous games this year against opponents on the maple court at the High School gymnasium, but there will be no new faces on the lineup, as Coach Ebert has used these five men at various times, but in different positions.

Gibson, who has played at forward, is sick and will not be in the line-up. Coach Ebert will probably put Petty in at the forward position opposite Chuggy Smith, last year's captain who has not been out in a Spoofhound basketball uniform all season.

For guards the High School coach will use Captain Cockayne and probably give Yeary a chance at the other guard position at the start of the game. Fox Kissinger will be found at his usual place as tip-off man when the game starts. For substitutions Ebert has Wright, Robey and McMurry who can ably fill positions on the team.

The court card tonight will commence at 7:30 o'clock, with the High School girls opposing the College Springs, Ia., sextet in the opening game. Sam Dubin of Bedford, Ia., a Westminster letter man, will referee both games.

Miss Ruth Bookman, girls coach, said this noon that the High School girls were ready for a battle royal from beginning to finish tonight, and even though defeated at the hands of Trenton by a small margin last week, feel much encouraged for a victory tonight.

The defense has been tightened up during the practices this week and the forwards are becoming more accurate at flipping the ball for counters, the coach said this noon. Also the passing attack of the High School girls team is improved considerably since the early season games and the sextet is ready to score up a win tonight.

Miss Bookman announced the starting line-up for the College Springs game as follows:

Leola Miller, jumping center; Lucille Snyder, running center; Beatrice Puckett, captain, forward; and Catherine Wray at the other forward position; Florence Wray and Elsie Wright, guards. Miss Bookman has a long string of substitutes she can send in at any time during the game.

BASKETBALL BREVITIES

The Bearcats will be idle this weekend. The coach announced today that he had decided that a rest would be more beneficial than a trip and a home game is impossible.

In the wrestling tournament being staged at the College some right good tussles have been witnessed. Yesterday afternoon two members of the Bearcat football team, Hartman and Hollar, put on a real scrap, Hartman winning with both men near collapse.

The Cubs and the Kittycats left this afternoon for Albany to mix it up with the teams of Palmer College. Both teams are expected to bring home the spoils, altho the Cubs may have to extend themselves, as Davis is laid up with a bad ankle. Masters may be used at forward in place of Davis.

Coach Lawrence is planning on reducing the waistline of some of his business men friends when the new gym is completed. With this object in view, as well as their own amusement and exercise, the authorities of the College have had the space for the boiler room converted into a handball court. Heat for the building will be supplied from the College heating plant.

Handball somewhat resembles tennis only that the hand is used instead of a racquet and there is no net, the ball being batted against the walls. Points are scored as in volley ball. The game is not difficult to learn and as it requires much skill and agility, is very beneficial. It is very well suited to those who do not care for violent exercise.

Someone has reported that President Lamkin is considering some means for compelling Mr. Brink to keep the snow off the golf grounds. Mr. Rickenbrode is reported as having broken all the fruit jars in his basement in practicing his mashie shot.

Lawrence's class in playground athletics tried out a new game this morning in the gymnasium. The game was a project of the class and entirely original although composed of several other games. The original intention was to provide a game in lieu of girls' basketball, one that would not involve personal contact. It's success as yet is uncertain.

Hopkins Plays Two Games with Ravenwood

The basketball teams of Hopkins high school have played a full schedule of games up to present date and play tonight on the Hopkins floor with the Ravenwood teams, according to the Hopkins Journal. The Hopkins girls have played a total of eleven games since October 3, and though not so fortunate as the Hopkins boys, they have been pitted against championship teams.

The Hopkins girls' team has run up a total score of 173 against the opponents' 252, winning two and losing the other games. The Hopkins boys have played thirteen games, winning nine of these and scoring 283 points to opponents' 270. Hopkins has twice played the Northwest Missouri champions.

Mr. and Mrs. Clark Spencer of Bedford, Ia., were in Maryville yesterday.

TAKE STAND WITH PIERCE

PAPERS UPHOLD LOCAL MEMBER ELEEMOSYNARY BOARD.

POLITICS SACRIFICED?

St. Louis Globe-Democrat and St. Louis Post-Dispatch Protest Against the Governor's Demand.

The following editorial, commending W. C. Pierce for his stand taken regarding desired appointments at the St. Joseph and Nevada state hospitals, is taken from yesterday's St. Louis Globe-Democrat:

A member of the consolidated, bipartisan State Board of Managers for Eleemosynary Institutions says that in four years Gov. Hyde had never attempted to dictate to the board as to matters properly coming within its jurisdiction and had accorded it full control of institutional policies.

Could higher tribute be paid the late administration? All opinions as to that administration are, of course not in agreement, but to those who know the past deplorable effects of politics mixed in the state's work of philanthropy and reclamation, this rescue of the eleemosynary institutions and their more than 7000 unfortunate inmates from the grasp of the spoilsmen will seem far to outweigh many causes of criticism found during Mr. Hyde's term. The board is made up of three Republicans and three Democrats. Left to themselves they have pursued just about the course that might be expected from a body so constituted. The record, at least in the matter of the more important appointments, reveals an impartial endeavor to select equal numbers from both parties for the board's service and even to adhere so closely to efficiency as a basis as to ignore politics entirely.

Now, for the first time since this great reform was effected, an attempt is made to introduce a factor other than the judgment and knowledge of the board members in designating appointees at two of the state hospitals for the insane. The attempt is the more alarming because, if it succeeds, it will establish a precedent under the new board making tenure depend on something else than good and faithful discharge of duty and again place hospital appointees generally at the mercy of the patronage traffickers.

An issue has been raised on which the present board members should stand firm. They accepted as a trust from the people of Missouri the task of redeeming these important institutions from the demoralizing blight of politics. To yield now to partisan importunity, whatever the source, would be to confess that this trust had been placed in faltering hands and that, at the very first test to which they were subjected, they had surrendered.

The following is taken from the St. Joseph Observer:

All strength to the good right arms of fighting Cal Pierce of Maryville, and equally daring Andrew Jackson Fitzsimmons of St. Louis, who so far are the only two members of the state eleemosynary board who have the courage and stamina to stand squarely up to the guns and fight the dirty plot to sidetrack C. C. Graves the present effieient and acknowledged capable steward of State Hospital No. 2, in this city in order that Brother-in-Law Gilpin may have a place at the public trough.

Would that the other members of the commission had equal backbone in this instance—instead of wooden laths painted to look like iron.

The St. Louis Post-Dispatch last evening had the following editorial about the demand that stewardships of the two State hospitals for the insane be provided for the husband of Gov. Baker's sister and for a politician who actively supported the Governor in his campaign for election:

MORE SACRIFICES TO POLITICS?

In a speech in St. Louis a few days ago, Gov. Baker is reported as having deprecated spoils politics by proclaiming as his standard the "politics of service" and by declaring: "He profits most who serves best." This confession of faith led the public to high hopes that a step forward in State politics was in prospect.

Those hopes as yet have not been dashed, but information from vary-

Announces Candidacy for Twp. Collector

Miss Merle Cooper, City Clerk, Will Seek the Democratic Nomination.

Miss Merle Cooper, city clerk, will be a candidate for the democratic nomination for township collector of Polk township at the convention or primary this spring. The township election will be held on the last Tuesday in March, and a convention or primary will be held a couple of weeks befort that time to nominate candidates for the various township offices.

Miss Cooper is thoroughly qualified for the position she seeks and has a wide acquaintance in the township. For the past two years she has been city clerk and has given universal satisfaction. When the recent pavement was being done, the attorney representing the contractor paid her the compliment of saying she kept the best set of records of any he had ever examined.

Prior to her being city clerk, Miss Cooper was in the prosecuting attorney's office for several years. If given the democratic nomination she will make a strong candidate.

START MOVE FOR HIGHWAY

CITIZENS WOULD EXTEND ROAD FROM SHERIDAN.

MOVEMENT LAUNCHED

Gravel Route From Grant City to Sheridan If Brought South to Ravenwood, Would Provide Outlet.

A movement has been started by several citizens of Ravenwood to secure an extension of the state secondary road from Grant City to Sheridan and to bring this road on down to Ravenwood to connect up with the Maryville road.

Under the present state law, the road would end at Sheridan as there are no provisions for an extension into Nodaway County. Efforts will be made to secure the influence of Representative McLaughlin of Worth County, Representative Job of Nodaway County and Senator M. E. Ford of this district to bring about this change in the highway route.

It is understood that a contract will be let next month by the state highway commission for the grading and gravel-surfacing of the road across Worth County.

The right-of-way from Sheridan to Ravenwood would be on the east side of the Great Western tracks, and if the movement now under way is successful a gravel road would be constructed from Sheridan to Ravenwood, a distance of twelve or fourteen miles. Such a routing would provide an outlet northeast for traffic from Maryville to Sheridan, Grant City and east.

In order to bring about concerted effort, a Chamber of Commerce is in process of organization at Ravenwood to make a direct appeal to the Missouri legislature to make the necessary provisions.

Circuit Court Held Open But No Business

Partition Suit is Set for Tomorrow —Jury to Be Called Monday For Criminal Case.

A suit to quiet title was filed in Circuit Court today by Lieurena Mendenhall and Jennie M. Chamberlain against Salem and Lettie Pearce, affecting the west half of northwest quarter of section 27, township 62, range 36, Nodaway County.

Judge John M. Dawson kept court open today but there was no business that came up. A partition suit is set for tomorrow, Elihu Carter against Chester A. Carter et al.

On Saturday the jury will be called again for a criminal case, the State against Berry and Cowan, charged with robbery, and the suit on account of A. H. Garrett, et al against Wilcox Co-Operative Association is also set for Monday.

Vets Carnival Starts Off With a Large Crowd

Did you see Spark Plug and Barney and all his cohorts last night at the V. F. W. Carnival at the Battery C Armory? If not there will be two more nights to take in the shows and get in line for good things to eat at the various "grub" booths.

The roaring lion was all caged up last night. However, he made lots of noise and the lion tamer did not exhibit him for fear of scaring some of the patrons away from the show. Maybe Harold Tebow will throw back the curtains tonight.

The first night of the Vet's carnival, although bucking a cold night and slippery walks, opened with a good sized crowd last night. Most of the lower floor and the entire second floor of the Armory is utilized for the carnival. A conspicuous figure occupies the attention of all in the center of the lobby down stairs. But he is a very grateful man and takes very easily. The Veterans wish to have him patronized frequently.

The Vets and Auxiliary have plenty of entertainments to keep all busy for an evening and the orchestra starts the dance off at 9 o'clock. Two more evenings yet remain before the Armory is dismantled and the carnival is a thing of the past. It will be in full force tonight and tomorrow night.

MEANS GETS PRISON TERM

GIVEN TWO YEARS AND FINE OF $10,000.

FELDER IS GUILTY TOO

Attorney Fined $10,000 But Given No Prison Sentence—Are Convicted on Charge of Conspiracy.

New York, Jan. 30. — Gaston B. Means, detective, and Thomas B. Felder, his lawyer, were found guilty of conspiracy to bribe governmental officials in a verdict rendered today in federal court.

Means seemed to take the jury's findings as a joke. He had bet a newspaper reported 5 cents at even money that he would be convicted.

"Well," he said with a grin, "I guess I win a nickel."

The government, in bringing the conspiracy charge, complained that Felder, Means, and the latter's confidential man, Ebner Jarnecke, who pleaded guilty and testified against them, conspired to bribe Harry M. Daugherty, former attorney-general, United States District Attorney Hayward, his assistant, John Halloy, Clark and Burns, head of the bureau of investigation of the department of justice under Daugherty.

The defendants, it was charged, obtained $65,000 from certain defendants in the mail fraud case growing out of the Crager Company's sale of stock in the Glass Casket Co.

Judge Lindley sentenced Means to serve two years in the federal penitentiary at Atlanta, Ga., and to pay a fine of $10,000. It was the maximum penalty.

Felder was fined $10,000, but given no prison sentence.

Means, Felder and Jarnecke, the government alleged, told the defendants in the casket case that they could obtain dismissal of indictments against them.

Felder's and Means' defense was that Jarnecke, Izaac Padorr of Chicago, and the latter's financial backer, Sam Schmidt, conspired to swindle the casket defendants, using Means' name for that purpose without the detective's knowledge.

Mr. and Mrs. G. H. Ellsworth of Ravenwood returned home today after a week's visit with their daughter, Mrs. W. L. Rhodes, and family and other relatives.

Mrs. Lester Reaksecker left today for Rochester, Minn., to undergo treatment at the Mayo clinic.

PEACE IS OVER HERRIN AGAIN

WATCHFUL SOLDIERS HAVE LEFT WARLIKE TOWN.

LOOKS TO SUCCESSOR

Speculation as to Who Will Assume Young's Mantle—Ministers Make Plea for Campaign Against Lawlessness.

Herrin, Ill., Jan. 30.—Herrin had assumed a peaceful aspect today, at least on the surface. The soldiers that had been in control of the city since last Saturday when S. Glenn Young, Klan raider, two of his followers and his arch enemy, Ora Thomas, deputy sheriff, were killed in an outburst of gunfire, have left and people are settling down to their usual pursuits.

Speculation was rife as to who would succeed Young. Five ministers, conducting a memorial service yesterday for the slain chieftain, made the same plea for another inspired leader to wear his mantle and continue the fight against lawlessness.

It was said in Klan circles that Burr Owen, Young's first lieutenant and inseparable companion on all of his raids would aspire to the place and begin where Young left off by conducting his first raids soon.

Campbell Uses Radio to Locate Arkoe Robbers

County Jail Will Soon Be Repaired—For 8 Years Unable to Take Care of All Prisoners.

Sheriff Lowell Campbell is using every means to apprehend the thieves that robbed the two stores at Arkoe Tuesday night. Last night when Henry Field was on the air at his broadcasting station at Shenandoah, Ia., he broadcast a message that Sheriff Campbell had sent him in regard to the Arkoe robbery.

Fifty telephone calls were received during the night by the Nodaway County sheriff, some of the messages saying that two suspects had been seen in Iowa but Mr. Campbell did not get enough definite information to locate the robbers.

However, a clue to the robbers was brought in from near Hopkins yesterday afternoon to the sheriff's office. The men were driving a car which was not in the best working order.

It is supposed that the job at Arkoe was accomplished by two men.

The sheriff said this morning that he has eight men in jail, but only theoretically, as the jail in the present condition will not accommodate all. Three are in the city jail and one of the prisoners is not confined at all. Judge John M. Dawson said this morning it has been eight years since the county jail has been in a fit condition to take care of the county prisoners.

Workmen have completed the job on the prisoners' cage in the north wing of the jail so that it now revolves. When the inside walls of this north wing are properly barred sixteen prisoners can be confined. It will only be a short time until the work is completed and the sheriff able to handle all the county prisoners.

There will be one less prisoner tomorrow at the jail as the sentence of Joe Pausback is up tonight. Pausback has been a trusty at the jail and has done all kinds of odd jobs around the county hold-over. He told the sheriff this morning he could not leave until tomorrow as he had to finish completing the work on a baby cradle.

Miss Hettie Anthony, instructor in home economics at the College, will also probably attend the ceremony. The chapter is being organized at the State Normal School in Hays.

New Ambassador From France in Washington

Emile Daeschner Presents His Credentials to President Coolidge—Reparations Question to Front.

Washington, Jan. 30.—Emile Daeschner, the new French ambassador, presented his credentials to President Coolidge today.

This routine bit of formality attracted unusual interest in Washington because of the understanding prevailing in administration circles that Daeschner will speedily follow it up by undertaking some serious negotiations with this government for the funding of the 4-billion-dollar French war debt.

Unless he does so, it appeared certain today that the Senate will take formal and brusque notice of the French policy of delay, before it goes out of business on March 4, and pass a resolution directing the state department to undertake immediate negotiations.

Thus far, the French government has submitted but one concrete suggestion in the matter of funding, and that suggestion was so surrounded with qualifying phrases as to make it entirely "unofficial and informal."

DOGS RACE ON WITH SERUM

ANTITOXIN IS BEING RELAYED NORTHWARD.

RADIOGRAM RECEIVED

Mayor of Nome, Alaska, Declares That Condition There Is "Very Serious"—Scores May Be Dead

Seattle, Wash., Jan. 30.—One hundred and fifty persons are suffering of diphtheria in Nome, Alaska, a cablegram here to the Chamber of Commerce from the Northwestern Chamber of Commerce, Nome, said today. More than one-fourth of the entire population is striken.

Anchorage, Alaska, Jan. 30.—With straining muscles and harness in an effort to bring life-giving antitoxin into diphtheria striken Nome, the strongest and fleetest dogs in Alaska speeded relief today in their death race northward.

Over snow and ice-covered trails in the bitter Artic, raced Dan Green, the third champion dog racer of the North, relaying the serum to the disease striken town.

The outfit left Hot Springs late yesterday afternoon and was reported not far from Tanana.

On the light sled rested a twenty-pound package of the one million antitoxin units which will save hundreds of lives in Nome, providing the race against disease is won. The package was heavily wrapped in blankets to prevent freezing and breaking of the container.

San Francisco, Jan. 30.—Nome, Alaska, the city striken by an epidemic of diphtheria, today appealed for aid in a radiogram received by International News Service in San Francisco. The mayor's message said, "Advocate rushing antitoxin to Nome from Nenana. Condition very serious."

The radiogram here contradicted a statement made by the public health service office in Seattle that conditions in Nome was "greatly improved."

The message today did not state how many persons had died in Nome. The latest report gives the number of victims as five but it is believed that scores are dead or dying.

Submarine Officers and Men are Rescued

Coast Guard Men From Life-Saving Station Free Victims From Stranded Boat.

Portsmouth, N. H., Jan. 30—All of the forty-five officers and men from the stranded submarine, S-48, were rescued today by coast guard men from the Wood Island life saving station. Twenty-five members of the crew were taken from the under-sea boat after being imprisoned all night in a howling northeast gale. Later the scudder crew left on board was removed.

The last twenty men were taken off by coast guard men after the big submersible began to fill with chlorine gas seeping out of the storage battery as water from a hole in the submarine's bow penetrated the interior of the trap.

STARTS WORK ON PROGRAM

CONSOLIDATION MEASURES ARE INTRODUCED.

MERGES DEPARTMENTS

Measure Would Create Commissioner of Budget To Have Supervision in Purchasing of Supplies for State.

Jefferson City, Jan. 30.—A series of bills to carry out the recommendations of Governor Baker in the consolidation of state departments and the creation of a budget commission were introduced in the House and Senate today.

One bill provides for the reorganization of the state board of agriculture and places the work under a commissioner of agriculture. The bills introduced in the Senate by Senator Larry Brunk of Lawrence County and Senator S. M. Snodgrass of Cedar County. Representative Marvel H. Davis of Kansas City, Representative David W. Peters of Cole County and Representative E. H. Winter of Warren County will handle the measures in the House.

The budget bill provides that the secretary to the governor shall act as commissioner of the budget with advisory powers in having general supervision of buying for state departments, making recommendations to the General Assembly and providing a uniform system of accounting for all departments.

Under the bill, the secretary to the governor would receive $700 a year additional for his new duties.

The bill consolidating the labor department, bureau of mines and industrial inspection departments under a labor commissioner will not be ready to introduce before next week.

Under the proposed plan, there would be five divisions under the agriculture commissioner: dairying, marketing, livestock, poultry, horticulture and veterinary. The activities of the fruit experimental station at Mountain Grove would be turned over to the University of Missouri so far as experimental work is concerned.

The commissioner of agriculture would receive $4,500 a year and his deputies from $2,400 to $3,600 per year. The state board of agriculture would be placed in charge of the state fair. The measure provides that the board shall be bi-partisan, the appointment of employes being based on efficiency.

A bill abolishing the state library commission and fixing its powers in a state librarian was introduced.

Again "Jazz Maniac" Prepares for Fight

Dorothy Must Stand Trial in Court for Murder of Her Mother—Confers With Her Attorneys.

San Francisco, Jan. 30.—Again the "tiger girl" 16-year-old Dorothy Ellingson prepared to fight for the sweet years of her young womanhood today.

The jazz-stricken flapper, who calmly confessed she killed her mother and then went out to dance and drink gin, flashed her eyes as she got ready to meet her attorneys who will battle to keep the girl out of San Quentin prison for life.

Juvenile Judge Frank Murasky ruled late yesterday that the mother-slayer must stand trial for murder.

With the tranquility that has marked her bearing most of the time since her arrest two weeks ago, Dorothy showed the same fortitude when her hopes for a short term in a girls' reformatory were dashed. A few tears filled her eyes. Then she clinched her hands and quietly walked to prison.

The "jazz maniac" probably will be taken at once to Engleside jail to be placed behind cell bars while awaiting the month or two elapsing before her trial.

CAN QUALIFY FOR M LETTER

MANY WAYS FOR H. S. STUDENTS TO COMPETE.

500 POINTS NECESSARY

Superintendent Lee Sends Five Rules of Sportsmanship—Certificate for 50 Per Cent Passing.

Students in the Maryville High School are now qualified to compete for the famous Missouri "M" letter, bearing the state seal, according to an announcement made today by L. L. St. Clair, principal.

Seven or eight students would have received the state letters last year if the local high school had maintained a teacher training course, but the qualifications this year have been changed according to a communication received by Charles A. Lee, state superintendent.

There are a great many ways in which the students at the high school could receive one of these M's. A person must make a total of 800 points in all. Of this, 400 points covering health, posture, sportsmanship and scholarship are required. 400 may be gotten in athletics but a person may not score more than 200 points in any event. The remaining 200 points are electives.

If anybody is eligible for the second and third times, a pupil may make a letter, a badge and three bars while in high school.

Mr. Lee also sent his five rules of sportsmanship. A certificate with these five rules will be sent to the high school if 50 per cent of the names sent in pass the requirements. The following are the rules sent in:

I. The first rule of sportsmanship is courtesy to your opponents; be a lady or gentleman and treat your opponents as gentlemen or ladies.

II. The second rule of sportsmanship is to play the game according to the rules, to play fair.

III. The third rule of sportsmanship is to be courageous loser and not lose heart when the score goes against you. Play your best to the end. Have grit.

V. The fifth rule of sportsmanship is to be a modest winner. Not to boast of your victories or "rub it in." Cheer your opponents.

Spectators should appreciate the good plays of opponents as well as the home team. Show courtesy to opponents as well as support the team. Take pride in the spirit which the school exhibits.

Where there is good sportsmanship between contestants it leads to friendship and not enmity.

The state department of schools has adopted the following motto which is the same as adopted by the Maryville High School:

"When the One Great Scorer comes
To write against your name,
He writes—not that you won or lost,
But how you played the game."

Step Lively, Men, K. of P. Filling Up

(Kansas City Star.)

If we read the news aright, nothing in recent years has pepped up Lodge 110, Knights of Pythias, (Jefferson City, Mo.) like the recent state election. Every state officer is now a member of the lodge; a governor of the state confers its degrees, and news of its meetings are broadcast to the daily newspapers of distant cities. The fact that many new applications for membership are read at each meeting probably doesn't have any political significance, y'understand, but apparently there is a widespread impression that "belonging" won't hurt anything.

TAKE STAND WITH PIERCE

(Continued from Page One)

ing quarters is now agreed that the Baker code of politics is not taken from copybook maxims. Instead of a step forward a backward step is threatened. In fact, it is stated in substance that the 7000 eleemosynary wards of the State are to be sacrificed to the Governor's personal politics and that the bipartisan or nonpartisan administration of these institutions is to be shoved back into the trough of spoils.

The specific report is that Gov. Baker has made the demand that stewardships of two State hospitals for the insane be provided for the husband of his wife's sister and for a politician who actively supported the Governor in his campaign for election. To accomplish his purpose the Governor is understood to have threatened the displacement of any one of four unconfirmed members of the State Eleemosynary Board who may oppose his wishes.

Four years ago the Legislature decided to put a stop to the practice of victimizing the helpless inmates of State institutions by placing these institutions under a bi-partisan State board. The result has been a decent protection of competent appointive officials who happened to be of the wrong political party from the administration standpoint.

There is still time for Gov. Baker not to disappoint the State by any such atrocity of spoilsmanship as is reported to be his intention. If he does not change his believed intention he will be overthrowing one of the few slow and painful advances made by Missouri in its civil service. After preaching "he profits most who serves best" he will be practicing "he profits nothing who serves best."

Mrs. Frank Albright of Sabetha, and her father, W. H. Smock of Skidkan., arrived in Maryville yesterday more, who is also visiting at the to visit her sister, Mrs. Martin Moody, Moody home.

"The Arab" a Love Epic Is Filmed in Africa

"The Arab" a Metro-Goldwyn picture, a love epic of the East is scheduled to show at the Empire Theater tonight and tomorrow night. This picture was produced in Africa under the direction of Rex Ingram, and it is said it is "destined to rank with 'The Four Horsemen, of the Apocolypse'."

Ramon Novarro and Alice Terry are the central characters in the picture. Ingram had 1,000 native Arab horsemen of this death defying race take part in some of the scenes.

The story is based on Edgar Selwlyn's stage play of the same name.

Miss Cecil Hyde of Pickering is spending the week-end with her sister, Mrs. Byron Wallace of Maryville and her aunt, Mrs. Mark Dalrymple.

Pickering

O. G. Null.

Mr. and Mrs. Roy Curry who have been living in Columbia for the past two years while Mr. Curry was taking a course at the College of Agriculture, have returned to their farm near Parnell. Mrs. Curry has been staying with her mother, Mrs. Lucinda Hood, since Christmas but went home the last of last week.

A deal was consumated this week in which Dell Hyde purchased the dray business of W. A. Lock who has conducted the business for the past four or five years.

Mr. Hyde will take charge of the work in a few days or as soon as he can make disposition of his affairs on his farm. Mr. Lock has not yet decided what he will do this year.

The sudden freeze last Sunday night left the roads very rough for the most part and travel has been slow and hard as the result.

Farm Club Notes.

The Farm Club meeting scheduled for Sun Rise last Monday evening was a disappointment to those who came as Messrs Werner and Strader, who were to speak were hung up by car trouble and were until 9 o'clock getting back to a phone to call. Hope it will not occur again.

Jno Bosch in making a trip to the exchanges reports the worst roads he ever encountered on a stretch from Conception to Guilford. The mud had rolled up on cars and dropped off in great piles and frozen. One bump was so large the axles of the car bumped in passing over. In talking to some boys in Guilford they said they had gone over the roads Sunday and had to push up the hills and rode down hill in low.

Messrs Strader, Werner, Bosch, Gwinn, Fakes, Geo. and Leon Cain went to Rosendale Thursday evening of this week for a big meeting at the community theater in that town. The arrangements for the meeting were made by Mr. Furgeson recently of the Pickering exchange.

Speaking of his trip Mr. Bosch reports the farmers enthusiastic about the contract.

Mr. Clements and Mr. Owens are working in the Pickering territory at present.

School Notes.

Services, Sunday, Feb. 1, 1925 as follows:

Myrtle Tree—Sunday School at 10:00 A. M.

There was a good attendance at service last Sunday evening. There was one accession to the church at that service. Let everyone try and be present next Sunday.

Pickering—Sunday School at 10:00 A. M.

Preaching at 11:00 A. M., and 7:30 P. M. The subject in the morning will be, "A Rally Call." Our Second Quarterly meeting will be held Saturday and Sunday, Feb. 7 and 8. Let all reports be in hand at that time.

With the service Sunday evening, Feb. 8, we will begin our revival service. Let all plan to attend these meetings without fail. We invite the public to any and all these services.

E. W. CROY, Pastor.

Christian Church.

We appreciate very much the fine interest that was shown last Sunday night in the series of sermons on "The Two Covenants." We wish as many as possible might hear every discourse so as to get the complete story. The second in the series next Sunday night will be "The Ten Commandments." Come, and hear about the constitution of the old covenant.

The Sunday School attendance last Lord's Day was better than usual, 179. Were you one of that number, or were you a church member who stayed home and lost the fellowship for the day? Our superintendent is adopting the very interesting plan of having some layman make a short talk before the class period. Bro. Harmon will bring a message next Sunday.

Don't forget the Stay-for-Church campaign which is still on. Come and stay for church. Urge the children to stay.

Remember the Young People's Union at 6:30. A fine program is being prepared.

He Needed a Fur Lined Barrel This Kind of Weather

(Hopkins Journal)

Railway Mail Clerk Dow, who has Hopkins as the end of his run three nights out of the week, tells of the funny experience of a station agent down the road and it wasn't Ed Goforth, either. No. 10 was way late and this agent, who has a cot in the office decided to set his alarm clock and take a good snooze and in order to do so, he went to bed right, expecting the alarm to awaken him in plenty of time to get up and put the mail on the train but for some reason "Big Ben" failed to perform its duty and the agent was awakened by the whistle of the lightning express. He leaped to his feet, grabbed what he supposed was the mail sack and dashed out of the depot just in time to throw it into the mail car, and when he went back into the depot he found he had thrown his trousers instead of the mail sack into the car. And it was the only pair he had, too.

The Hillyards defeated the Leacocks, champions of St. Louis for two years, 43 to 25 in a fast cage game at St. Louis last night. The Hillyard passing attack proved superior to the dribbling offense used by the Lacocks.

NEW LINE-UP FOR TONIGHT

COLLEGE SPRINGS HERE FOR DOUBLE-HEADER.

PETTY AS OFFENSE MAN

First Game to Commence at 7:30 o'Clock at H. S. Gym—Sam Dubin Will Officiate.

After meeting with two disastrous defeats during the month a Spoofhound team, instructed with new tricks of the cage game and using new formation, will take the field tonight against an experienced cage team from College Springs, Ia., which has not suffered defeat this season.

It will not be the same Spoofhound team that has started previous games this year against opponents on the maple court at the High School gymnasium, but there will be no new faces on the lineup, as Coach Ebert has used these five men at various times, but in different positions.

Gibson, who has played at forward, is sick and will not be in the line-up. Coach Ebert will probably put Petty in at the forward position opposite Chuggy Smith, last year's captain who has not been out in a Spoofhound basketball uniform all season.

For guards the High School coach will use Captain Cockayne and probably give Yeary a chance at the other guard position at the start of the game. Fox Kissinger will be found at his usual place as tip-off man when the game starts. For substitutions Ebert has Wright, Robey and McMurry who can ably fill positions on the team.

The court card tonight will commence at 7:30 o'clock, with the High School girls opposing the College Springs, Ia., sextet in the opening game. Sam Dubin of Bedford, Ia., a Westminster letter man, will referee both games.

Miss Ruth Bookman, girls coach, said this noon that the High School girls were ready for a battle royal from beginning to finish tonight, and even though defeated at the hands of Trenton by a small margin last week, feel much encouraged for a victory tonight.

The defense has been tightened up during the practices this week and the forwards are becoming more accurate at flipping the ball for counters, the coach said this noon. Also the passing attack of the High School girls team is improved considerably since the early season games and the sextet is ready to score up a win tonight.

Miss Bookman announced the starting line-up for the College Springs game as follows:

Leola Miller, jumping center; Lucille Snyder, running center; Beatrice Puckett, captain, forward; and Catherine Wray at the other forward position; Florence Wray and Elsie Wright, guards. Miss Bookman has a long string of substitutes she can send in at any time during the game.

BASKETBALL BREVITIES

The Bearcats will be idle this weekend. The coach announced today that he had decided that a rest would be more beneficial than a trip and a home game is impossible.

In the wrestling tournament being staged at the College some right good tussles have been witnessed. Yesterday afternoon two members of the Bearcat football team, Hartman and Hollar, put on a real scrap, Hartman winning with both men near collapse.

The Cubs and the Kittycats left this afternoon for Albany to mix it up with the teams of Palmer College. Both teams are expected to bring home the spoils, altho the Cubs may have to extend themselves, as Davis is laid up with a bad ankle. Masters may be used at forward in place of Davis.

Coach Lawrence is planning on reducing the waistline of some of his business men friends when the new gym is completed. With this object in view, as well as their own amusement and exercise, the authorities of the College have had the space for the boiler room converted into a handball court. Heat for the building will be supplied from the College heating plant.

Handball somewhat resembles tennis only that the hand is used instead of a racquet and there is no net, the ball being batted against the walls. Points are scored as in volley ball. The game is not difficult to learn and as it requires much skill and agility, is very beneficial. It is very well suited to those who do not care for violent exercise.

Someone has reported that President Lamkin is considering some means for compelling Mr. Brink to keep the snow off the golf grounds. Mr. Rickenbrode is reported as having broken all the fruit jars in his basement in practicing his mashie shot.

Lawrence's class in playground athletics tried out a new game this morning in the gymnasium. The game was a project of the class and entirely original although composed of several other games. The original intention was to provide a game in lieu of girls' basketball, one that would not involve personal contact. It's success as yet is uncertain.

Hopkins Plays Two Games with Ravenwood

The basketball teams of Hopkins high school have played a full schedule of games up to present date and play tonight on the Hopkins floor with the Ravenwood teams, according to the Hopkins Journal. The Hopkins girls have played a total of eleven games since October 3, and though not so fortunate as the Hopkins boys, they have been pitted against championship teams.

The Hopkins girls' team has run up a total score of 173 against the opponents' 252, winning two and losing the other games. The Hopkins boys have played thirteen games, winning nine of these and scoring 283 points to opponents' 270. Hopkins has twice played the Northwest Missouri champions.

Mr. and Mrs. Clark Spencer of Bedford, Ia., were in Maryville yesterday.
